

We Develop People  
**WE IMPROVE BUSINESS**

## We offer Nationally Recognised Qualifications

We are a Registered Training Organisation (ID 2401) and through a continued quality assurance and auditing process we comply with the Standards for Registered Training Organisations 2015. We deliver high quality qualifications that are recognised in all states and territories in Australia. We deliver a broad range of business related qualifications. Bespoke training solutions may contribute to a nationally recognised qualification.

### SOME OF THE PROGRAMS WE DELIVER INCLUDE:

- Business
- Leadership and Management
- Project Management
- Workplace Health and Safety
- Retail
- Finance

**WE IMPROVE BUSINESS**

## Why Choose Skills Strategies International?

Skills Strategies International has been a trusted learning partner for both the public and private sector for over 20 years. Our reputation to enhance knowledge and people skills has seen us become a preferred and trusted training organisation.

We are committed to understanding client needs and provide innovative learning strategies to improve people performance and capabilities. We have a track record in delivering training solutions that accelerate the achievements of the individual, and the organisation.

## We offer flexible and custom training solutions?

We have a unique approach to delivering training to organisations and education institutions. Through a consultative process we are able to determine a client centred strategy and provide training solutions for achieving and sustaining business improvements.

With an innovative, high quality team of trainers, consulting and facilitation professionals we pride ourselves on offering high value services. We partner with your organisation at any stage of the process and we are able to develop a bespoke solution to improve the skills and productivity of employees in an ever evolving workplace.
